Stamping tips:

After scoring the Seaside Spray strip at 1/2", 1", 2", and 3", use the Botanical Tags die to cut the un-scored end. Fold along the scored lines. Put Tear & Tape adhesive on the end cut with the die.

Adhere the end with the Tear & Tape Adhesive to along the 3" scored line to form the tent to insert the Hershey's kisses, leaving the die cut end with the birds and leaves standing up.

Stamp a greeting or in this case, print the name from your computer, choosing the font you like best. (The font used for these favors is Edwardian Script) Punch with the Classic Label punch with the right end of the word spaced closer to the right end of the punch opening. Re-insert the punched pieces back into the punch through the punch shape opening instead of sliding in from the side to punch a second time to create the smaller Classic Label. Adhere to front of favor with SNAIL or Liquid Glue. Add three tiny pearls along the edge of the name label. Tie ribbon around the front of the favor into a knot. Trim ends with scissors.

Adhere the Hershey's Kisses inside the holder with glue dot on the bottom of each. This holder fits two Hershey's Kisses!
