### Stamping tips:

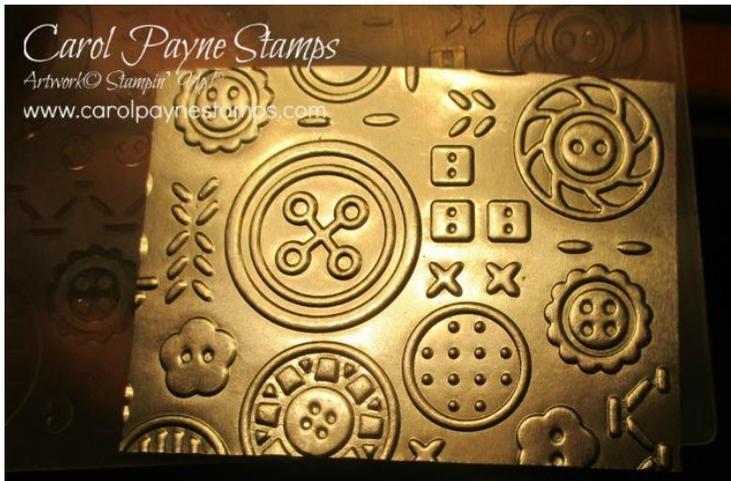

Adhere designer paper to black mat layer. Adhere to card front.

Adhere focal image layer to Basic Black mat. Adhere to upper left of card front with dimensionals.

Color focal image with Stampin' Blends. I used Light Soft Sea Foam for the trees, Dark Soft Sea Foam for the grass, Light Seaside Spray for the water, Light Soft Suede for the tree trunks, and Dark Seaside Spray for the sky. Add Clear Wink of Stella to the water for some watery shimmer.

Adhere ¼" wide black strip with liquid glue for a "faux ribbon"  
Emboss the Silver Foil scrap with the Button Button embossing folder. Punch desired circle with ½" Circle Punch.

Adhere to right end of faux ribbon with liquid glue.  
Stamp "CONGRATUALTIONS" with black ink of ½" white scrap. Trim ends straight with scissors.  
Adhere across the lower right corner of the focal image layer with dimensionals.

Stamp inside white layer with "Good Luck!" and black ink. Adhere to black mat. Adhere inside card.  
Adhere Country Club designer strip to left side of white layer.

To cover envelope flap, run a line of adhesive around all four edges of the TOP of the flap (the part you see when the flap is closed) Lay the piece of designer paper closely to the fold of the flap. Turn the flap over and use the edges of the flap as your guide to trim away the excess designer paper.

Stamp front of envelope to match card as desired.
