**Stamping tips:**

Color the matte side (non-shiny) side of the pizza box by rolling with a Sponge Brayer and Powder Pink ink. Roll the brayer directly over the ink pad several times, and then roll over the box, continuing to roll until the desired color is achieved.

Fold & assemble pizza box (no adhesive needed!).

Emboss Powder Pink square with Tufted folder.

Add White Stampin' Chalk Marker to the "buttons" between the tufts.

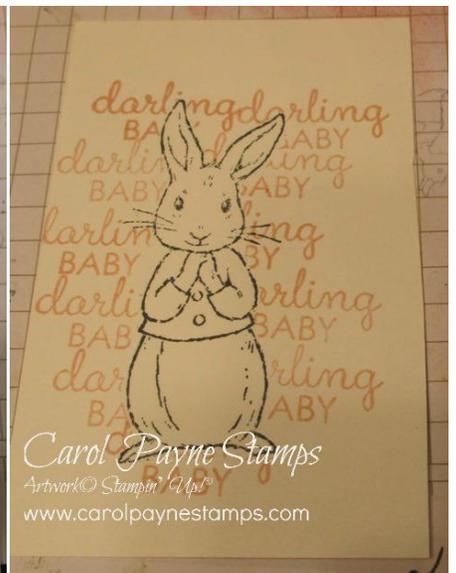

Adhere to box lid with dimensionals.

Adhere Pearlized Doily to box lid with SNAIL.

Stamp bunny on white with black ink.

To create the mask, stamp bunny on a Post-it-Note with the long side of the bunny stamped over the sticky area of the post-it. (stamp on the non-sticky side but where the sticky is on the other side) Cut out bunny closely around the stamped lines.

Lay mask over the bunny stamped on the white. (You can have already colored the bunny at this time, or not) Stamp "darling baby" with Powder Pink ink over the masked bunny as shown below. Remove the mask and the words will appear to be behind the bunny.

### To color the bunny:

Color inner ears & nose with Light Flirty Flamingo Stampin' Blends Marker

Color bunny face, hands, and body with Ivory Stampin' Blends. Add more Ivory to the hands, feet, outer ears, and where the fur markings are.

Color jacket with Light Balmy Blue Stampin' Blends. Add Dark Balmy Blue to buttons, and around jacket edges. Go back over the whole jacket with the Light Balmy Blue to blend the colors together.

Cut out the bunny with a Layering Ovals Framelit.

Cut out the Powder Pink with a scalloped Layering Ovals Framelit.

Adhere the bunny to the Powder Pink scalloped Oval with SNAIL. Adhere to the box lid with dimensionals.

Stamp "darling baby" on white with black ink. Punch with Cute Crew Punch. Sponge edges of tag with the Sponge Brayer and Powder Pink ink.

Adhere to lower right corner of box with dimensionals.

Tie ribbon in a knot. Add to top of tag with a glue dot. Trim ends with scissors.
