Soft Suede to cut branches: scrap

Stamping Tips:

Stamp Nature's Beauty deer on the inside of the Woodland folder, stamping the deer on the side with the trees indented in as shown. This will give the look of the deer behind the tree trunks as shown in the second picture after embossing with the Woodland folder.

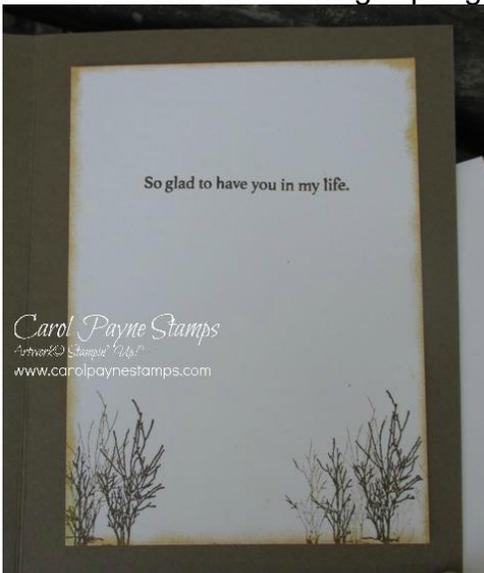

Use a sponge dauber to apply Delicata Golden Glitz ink to the raised tree trunks and around the edges of the layer. Adhere layer to card front with dimensionals in each corner, mid-way along all four sides, and one in the middle.

Stamp greeting from Gather Together on banner piece with Soft Suede ink. Use Paper Snips to cut ends of banner into points. Snip about 1/4" to 3/8" in from the center of the end of the strip, then cut in from the corners to the top of the snip to create almost evenly matched banner points.

Sponge all around greeting banner with Golden Glitz ink. Adhere to Soft Suede greeting mat with SNAIL. Adhere to upper card front with dimensionals. Cut out two Soft Suede branches with All-Around Wreath die. This die cuts out two branches with one pass through the die-cutting machine. Adhere behind the greeting with glue dots.

Stamp sentiment from Gather Together on remaining vanilla layer with Soft Suede ink. Stamp scrubby brush in lower corners with Soft Suede ink, continuing to stamp a 2nd and 3rd generation of the brush without re-inking. Sponge edges with Golden Glitz ink. Adhere inside card with SNAIL.

Stamp the front and flap of your envelope to match the card as desired.
