Stamping tips for book:

Adhere Pleased As Punch designer paper to front and back of book with SNAIL, keeping the edges of the paper even with the edges of the book. Trim corners of paper flush against the corners of the book with Paper Snips.

Punch tulips from Pleased As Punch Designer paper using the Tulip Builder Punch. Punch a leaf from the green side of the tulip sheet, then flip the paper over to punch the leaf from the tulip side. This should give you “mirror images” of the leaves.

If working on the card, add a Pearlized Doily to the front with thin lines of liquid glue. Adhere the tulips with dimensionals. Adhere the leaves with dimensionals.

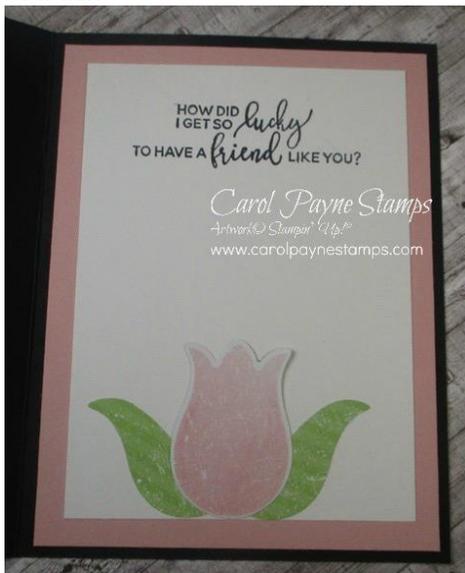

Tie ribbon in a bow. Trim ends with scissors. Adhere to base of tulips with liquid glue. You will need to hold the bow to the glue for a few extra seconds to secure.

Stamp greeting on white scrap. Punch with Classic Label. Adhere to lower edge of front with SNAIL.

Trim right end of label flush with the edge of the card with Paper Snips.

Adhere Blushing Bride layer inside card with SNAIL.

Stamp sentiment on inside white layer with black ink. Adhere layer to Blushing Bride layer with SNAIL.

Punch one more tulip and two more “mirror image” leaves. Adhere tulip to bottom edge of white layer with dimensionals. Adhere leaves with SNAIL.
