### Directions:

Cut white stencil layer with the largest Flourish die.

Lay the stencil with the cut piece removed on the Mint Macaron folded front. Hold Mint Macaron in place on your crafting surface with a little bit of adhesive. Hold the stencil in place with bits of washi tape (or any low-tac tape such as painter's tape). Use a sponge dauber to gently rub Mint Macaron ink into the stencil design, taking care to not let the stencil move and thoroughly color the space.

Remove the stencil from the layer. Emboss layer with Subtle 3D folder. Make a small "v" with Paper Snips in the fold to thread the ribbon through and tie in a knot on the left side of card front. Trim ends with Paper Snips. Secure under knot with a glue dot. Adhere folded card to base. Stamp greeting on white with Mint Macaron. Punch with Label Me Fancy. Stamp leaves with double stamped-off Mint Macaron ink. Adhere over ribbon with dimensionals. Add a few Frosted Flower Embellishments using a Paper-piercing tool.

Stamp remaining white layer with sentiment and Mint Macaron ink. Stamp leaves in the corners using stamped-off Mint Macaron. Adhere inside card.

Stamp front and flap of envelope to match.
